

Dear Parents:

Thank you for your interest in enrolling in the Early Head Start Pregnant Moms program. Early Head Start is a high quality federally funded, family focused program which compliments our preschool programming. Please submit your completed application as quickly as possible to begin the enrollment process. **The following supporting documents should be submitted along with your application and are required to complete the enrollment process:**

1. Proof of **household income**, such as a copy of your 1040, W-2, DHHS/TANF, or SSI statement, and documentation of Child Support and Scholarships/Grants Documentation.
2. A copy of **your photo ID** (driver's license, State ID, Passport, etc).
3. A **completed Pregnant Mom physical** form. Your doctor/OB will complete your form and then you should submit it. You can submit the rest of your documentation along with the date of your upcoming appointment if getting this filled out will delay your ability to apply.

The Early Head Start programs have a limited number of openings, so it is important to complete and submit your documentation as quickly as possible.

If you need any assistance in obtaining any necessary documentation or if you have any questions in regards to completing the application process, **CALL THE HEAD START OFFICE** at (810) 235-5613. Our downtown office is located at 711. N. Saginaw Street, Suite 206, Flint, MI 48503, in the GST Michigan Works Building. Unfortunately, our program does not provide transportation services, but can refer you to local resources that can assist you in your transportation needs.

If you would like to fax your child's application and documentation, please FAX to: (810) 341-5852.

Thank you,

GCCARD Head Start Administration
